

# TECHCON 2011

Technology & Talent for the 21st Century

*SRC Members that attend TECHCON 2011 will have a unique opportunity to connect with the next generation of industry leaders and to assess research and technology innovations that will shape the future of the semiconductor industry. SRC is unmatched in its ability to facilitate interactions between industry and the university community in pursuit of their common goals. I encourage all members to take advantage of this opportunity.*

**MICHAEL MAYBERRY**  
Intel  
Chair, SRC Board of Directors  
and Honorary Conference Chair

*TECHCON 2011 offers a unique perspective on some of the most important semiconductor research being performed worldwide. The conference is structured to meet the needs of our members by including research presentations from GRC, FCRP and NRI in integrated sessions. Students from the Undergraduate Research Opportunities program will also be presenting their research with posters during TechFair. This year we are pleased to be showcasing SRC's new Energy Research Initiative with student poster presentations from the Purdue Photovoltaic Research Center and the Carnegie Mellon Smart Grid Research Center. We invite GRC, FCRP, NRI, and ERI members and participating faculty and students to join us for TECHCON 2011 in Austin, Texas.*

**LARRY SUMNEY**  
President and CEO  
Semiconductor Research  
Corporation

**Semiconductor Research Corporation**, the world's premier university-based research consortium, presents the **13th Annual TECHCON Conference** to be held September 12-13, 2011 in Austin, Texas.

## A Not-To-Be-Missed Event!

- > Broad view of cutting-edge semiconductor research across the SRC research entities
- > Top students in microelectronics-related fields
- > 150 technical papers and posters
- > CareerConnections
- > Outstanding speakers from SRC member organizations

## Register Today!

**Industry Participants:** Register through your company's block  
**Government Participants:** \$500  
**University Researchers:** \$350  
**Non-presenting Students:** \$150

Registration fee includes all sessions, 2 breakfasts, 2 lunches, Conference Banquet on Monday evening and Tuesday evening dinner. A limited number of guest tickets are also available for the banquet.

Special conference rate for single/double rooms at the Renaissance/Austin: \$162 plus tax. Rate is available through August 18, 2011.

TECHCON 2011 is in Austin, Texas, "the Live Music Capitol of the World!" The Renaissance is located in the Arboretum, close to downtown and the University of Texas at Austin. Plan to stay a day or two and enjoy the city!

## New Frontiers Session

**Professor Subhasish Mitra**, of Stanford University, will present recent developments with carbon nanotube transistors.

## Keynote Address

**Gregg Lowe**, Senior Vice President of the High Performance Analog group at Texas Instruments will deliver the Keynote Address. *Texas Instruments is a founding member of SRC and continues as a strong supporter of SRC research and SRC Student Programs.*
