

SFI/NSF/SRC FISC 2030 - Day 2

Welcome to Session V!

“Sensors for Physical World Interfaces: Application Landscape for Future Integrated Sensors”

Anuj Batra / Texas Instruments - USA	Application-optimized Wireless Sensor Network Interfaces
Pol Mac Aonghusa / IBM Dublin - Ireland	Smarter Cities from Sensor Networks
Joseph Paradiso / MIT - USA	Connecting Humans to the Emerging Nervous System of Ubiquitous Sensing
William Kaiser / UCLA - USA	Wireless Health: A New Integrated Sensor Technology and Industry
Kevin Fu / U Massachusetts - USA	Security and Privacy for Implantable Medical Devices
Keynote: Jan Rabaey / UC Berkeley - USA	Swarm Visions
