

GAA Badge Request

Livermore Valley
Open Campus

Sandia
National
Laboratories

Sandia National Laboratories requires visitors to present government-issued identification for access to its facilities. State-issued driver's licenses or ID cards from REAL ID [non-compliant states](#) will only be accepted to obtain a badge for access to Sandia if accompanied by an alternate form of ID such as a U.S. passport, military or veteran identification card, social security card (unlaminated), original birth certificate, voter registration card, US citizen ID card (Form I-97), or Native American tribal document. If your Driver License states "Federal Limits Apply" or "Not for Federal Identification" (or different variations per state), you will need to bring an alternate form of ID from the list above.

Date(s) of visit: 10/15/2019 To: 10/16/2019

*** GAA Foreign National Security Plan (GAA FNSP) is limited to the content below. If this visit does not qualify under a GAA FNSP, a site badge and FNR Security Plan is required. See [Incoming Visits](#).**

DOE Mission(s) (List missions that will be advanced by this visit/assignment): Strategic Theme 1, Energy Security; and Strategic Theme 3, Scientific Discovery and Innovation.

Publicly Available Information Certification: A GAA visit requires that all information to be transferred or discussed is Publicly Available. Contact the SNL Export Control Office (505-845-7000), if discussions, information, presentations or equipment demonstrated could be export controlled.

Explain how this determination was made:

All information that will be exchanged during this visit in the LVOC GAA falls within the scope of the DOE Office of Science program. Therefore, the subject matter is restricted to topics suitable for unlimited release. Because the visit involves research leading to the creation of new information, some or all of this information does not exist prior to the visit, but the intent is for all information shared or created during the visit to be publicly available and for all research results to be published in open literature.
